Lexus IS Series Amplifier Bypass Harness 2010-2015

Visit AxxessInterfaces.com for more detailed information about the product and up-to-date vehicle specific applications.

Refer to the following pages for the vehicle specific instructions for wiring connections. Wiring connections vary per amplifier design.

If it’s uncertain whether the vehicle contains a specific speaker or not, test the wires with a tone generator, or check to see if the factory wires are populated on the vehicle side. Alternatively, the wires can be tested for impedance with a multimeter.

Applications

Lexus
- IS250 2010-2013
- IS250C 2010-2015
- IS350 2010-2013
- IS350C 2010-2015

Note: For navigation models 2013-up, use part number AX-AB-LX1

Tools Required
- Crimping tool and connectors, or solder gun, solder, and heat shrink
- Tape
- Wire cutter
- Zip ties
