Ford Stop/Start Override Interface
2015-up

INTERFACE FEATURES
• Allows the override of the STOP/START engine feature
• The factory STOP/START button can resume the STOP/START feature
• Can be used with either a factory or aftermarket radio
• Vehicle type configured through the Axxess Updater software program
• Simple plug n' play installation, no wiring required

INTRODUCTION
The AX-FD-SSO is designed to disengage the STOP/START feature of the vehicle, and keep that feature disengaged even after the key has been cycled. The AX-FD-SSO will work with either an aftermarket radio, or a factory radio. A simple plug n' play installation is all that is required to install the device in the vehicle, and programming through a Windows 10 computer via the Axxess Updater software program.
