> **Attention!** *Let the vehicle sit with the key out of the ignition for a few minutes before removing the factory radio. When testing the aftermarket equipment, ensure that all factory equipment is connected before cycling the key to ignition.*

- Connect the AX-MAZBT harness to the AX-MAZBT interface.
- Connect the AX-MAZBT harness to the 18-pin connector located at the radio location.

1. Download and install the AX-CUSTOM-BT app from the mobile devices app store.

2. Start the vehicle.

3. Open the app and wait for the **Customization Settings** menu to appear. If **Not Connected** appears instead, first press the right button in the top right corner of the screen, then press the left button. This will take you back to **Customization Settings**. The pairing process will begin at this point.

4. Once paired, **Settings** will be displayed in the screen. From this point on you can make changes to the vehicle as desired, as the long as the vehicle is running. (Figure A)
