CAUTION! All accessories, switches, climate controls panels, and especially air bag indicator lights must be connected before cycling the ignition. Also, do not remove the factory radio with the key in the on position, or while the vehicle is running.

GM HDMI and Camera Interface 2013–Up*

*Visit AxxessInterfaces.com for up-to-date vehicle specific applications.

INTERFACE FEATURES
- Provides front and rear camera inputs to the factory radio
- Provides an HDMI input to the factory radio
- Micro-B USB updatable

INTERFACE COMPONENTS
- AXFRC-GM1 Interface
- 20-pin “T” harness
- 16-pin “T” harness
- 6-pin to USB cable
- LVDS (video) to USB cable
- 10-pin harness with RCA jacks
- 3.5mm extension cable

APPLICATIONS
See inside front cover

GM HDMI and Camera Interface 2013–Up*

Table of Contents
- Connections to be made ........................................2
- Configuring the AXFRC-GM1 .................................3
- Installing the AXFRC-GM1 ..................................4-5
- User guide ..............................................................6

Tools Required
- Wire cutter
- Crimp tool
- Solder gun
- Tape
- Connectors (example: butt-connectors, bell caps, etc.)

CAUTION! All accessories, switches, climate controls panels, and especially air bag indicator lights must be connected before cycling the ignition. Also, do not remove the factory radio with the key in the on position, or while the vehicle is running.
**APPLICATIONS**

**CADILLAC (1)**
- ATS 2014-Up
- CTS 2014-Up
- CTS (coupe) 2014-Up
- Escalade 2015-Up
- SRX 2013-Up
- XT5 2013-Up

**CHEVROLET (2)**
- Colorado 2014-Up
- Impala 2014-Up
- Malibu 2016-Up
- Silverado 1500/2500/3500 2014-Up
- Suburban 2015-Up
- Tahoe 2015-Up
- Volt 2017-Up

**HOLDEN (2)**
- Astra 2017-Up
- Barina 2017-Up
- Captiva 2017-Up
- Colorado 2017-Up
- Commodore 2017-Up
- Spark 2017-Up
- Trailblazer 2017-Up
- Trax 2017-Up
- Ute 2017-Up
- Volt 2017-Up

**CHEVROLET (2)**
- Insignia 2013-2017
- Insignia Grand Sport 2017-Up

**GMC (3)**
- Acadia/Denali 2017-Up
- Canyon/Denali 2015-Up
- Sierra 1500/2500/3500/Denali 2014-Up
- Terrain 2017-Up
- Yukon/Yukon XL/Denali 2015-Up

(1) For models with an 8-inch CUE Infotainment system
(2) For models with an 8-inch MyLink radio
(3) For models with an 8-inch IntelliLink Radio

**CONNECTIONS TO BE MADE**

- If installing a front/rear camera, connect the **Black** wire labeled “GND”, to the camera(s) ground wire.
- If installing a backup camera, connect the **Red** wire labeled “Reverse Camera 12v”, to the backup camera power wire.
- If installing a front camera, connect the **Red** wire labeled “Front Camera 12v”, to the front camera power wire.
- The **Red** wire labeled “Acc Power Output” is optional if a power source is required while a camera is active.
- If installing a backup camera, connect the RCA jack labeled “Reverse Camera Video Input” to the camera.
- If installing a front camera, connect the RCA jack labeled “Front Camera Video Input” to the camera.
- If adding an HDMI input to the factory radio, connect an HDMI cable (Axxess part number AXHDMI-1M, sold separately), to the port on the AXFRC-GM1 labeled “HDMI IN”.

(Connections Diagram)
Dip switch settings

Remove the access door located on the top of the AXFRC-GM1 interface to access the dip switches.

**Dip 1**
If the vehicle is equipped with a factory backup camera: **On:** Yes  **Off:** No

**Dip 2**
If the vehicle has an aftermarket front camera: **On:** Yes  **Off:** No

**Dip 3**
If the vehicle has an aftermarket backup camera: **On:** Yes  **Off:** No

**Dips 4 & 5**
For all applications:
**Dip 4:** Off  **Dip 5:** Off
INSTALLING THE AXFRC-GM1

- Remove the 20-pin connector from the radio module*, then connect the male plug from the 20-pin “T” harness into the radio module. (Figure A)
  * Refer to the Human Machine Interface (HMI) and radio module location list.
- Connect the factory male factory connector into the female plug from the 20-pin “T” harness.
- Connect the 20-pin “T” harness into the AXFRC-GM1 interface.
- Connect the 2-pin connector from the 20-pin “T” harness to the 2-pin connector from the 16-pin “T” harness.
- Remove the 16-pin connector from the Human Machine Interface (HMI) module*, then connect the male plug from the 16-pin “T” harness into the HMI module. (Figure B)
  * Refer to the Human Machine Interface (HMI) and radio module location list.
- Connect the factory male factory connector into the female plug from the 16-pin “T” harness.
- Connect the 16-pin “T” harness into the AXFRC-GM1 interface.
- If adding an HDMI input to the factory radio, connect the 3.5mm extension cable to the 16-pin “T” harness, and then to the vehicles 3.5mm AUX-IN jack.
- Remove the USB connector from the Blue receptacle in the HMI module, then connect it to the LVDS (video) to USB cable.
- Connect the LVDS (video) to USB cable into the AXFRC-GM1 interface.
- Connect the 6-pin to USB cable into the HMI module, and then into the AX-GM91 interface.
- Connect the 10-pin harness with RCA jacks into the AXFRC-GM1 interface.

Button Configuration

- The factory “HOME KEY” button will be used to operate the AXFRC-GM1.

HDMI access

- Select AUX-IN as a source from the factory radio.
- Press hold the “HOME KEY” button for 2 seconds to switch between the factory screen and the AXFRC-GM1 screen.
- Press the top right corner of the screen to disable the video-in-motion warning message.

Front camera access

- Ensure dip switch 2 is selected to “ON”.
- Press the top right corner of the screen to activate the front camera.

Rear camera access

- The backup camera will automatically activate while the vehicle is in reverse gear.
- Deselecting the reverse gear will activate the front camera, if installed and dip switch 2 is selected to “ON”.

Note: This camera takes priority over HDMI mode, and front camera mode. But will not deactivate the front camera. Press the top right corner of the screen, or drive over 10 mph, to cancel front camera mode.

View Version Number

- Press and hold the “HOME KEY” button for 8 seconds to enter the firmware information screen.
INSTALLATION INSTRUCTIONS

AXFRC-GM1

KNOWLEDGE IS POWER
