# Metra PowerSports®
Technical Bulletin MPS-RZ1RGB APP Reconfigure

Upon first connection with a APPLE® device the MPS-RZ1RGB users may experience a condition where the APP will lock up. If this occurs apply the reconfigure fix.
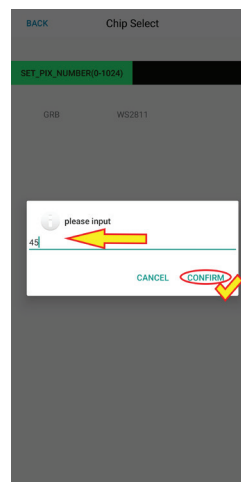

APP Reconfigure Procedure

1. Verify the APP connection, and RGB function is on

2. Open Settings ->Select Chip Setting -> Set Pix Number ->45

3. Enter 45 -> Confirm -> OK -> Verify operation
