

4.5" COMPASS/TEMP MIRROR MONITOR

TE-CTM45 IBEAM 4.5" COMPASS/TEMP MIRROR MONITOR

 SALES 800-221-0932

PRODUCT OVERVIEW

Our iBeam 4.5" mirror monitor replaces your vehicle's factory rearview mirror with a full color LCD screen and mirror in one! Connect up to two video inputs, rearview camera and a second camera feed, to give drivers a panoramic view while also providing temperature and directional information in an intuitive location. Display is virtually undetectable when switched off, revealing a flawless factory-quality mirror. Includes our most widely used windshield mount - with additional options sold separately.

- Replacement rearview mirror with integrated 4.5" digital color LCD screen
- Integrated compass and in/out temperature display
- Includes 2 external temperature sensors
- Includes most widely used windshield mount
- Optional mounts for Ford, GM, Honda, Hyundai, Toyota, Kia, Subaru, VW, Mercedes, Fiat, Iveco, and Peugeot available
- 2 video inputs: rearview camera input and second video input
