

IBEAM COMMERCIAL TRAILER CONNECTOR CABLE

TE-CTR3 3 METER COILED CONNECTOR CABLE

 SALES 800-221-0932

PRODUCT OVERVIEW

This 9.8 foot (3 meter) coiled cable is superior to loose flimsy wires, and won't hang or drag between the vehicle and trailer. Ideal for commercial use, this cable's coiled design allows for adjustment to different trailer tongue lengths, to eliminate slack in the line. Creates a durable and tight connection for 4-Pin DIN safety cameras.

- Cable for commercial cameras
- Coiled cable to adjust for different trailer tongue lengths
- 9.8 feet (3 meters) in length
- 4 Pin DIN connectors
